Hi Della,

Could you please ask Julie if we can get permission to work on October 10th for comp time? I asked a few people today and some of them might be able to work that day. I would definitely work for comp time. We also have Veteran's day coming up in November, so I am not sure if we could work that day also? I am willing to work both days, if other people want to come in. It would be really helpfull if you could ask Julie what the situation is for both days. Please let me know.

Thanks for your help putting the party together today (and cleaning up of course :)
